
British Fenestration Rating Council

Proven Performance.

Why proven performance matters

Choosing which windows and doors to buy can be difficult. Knowing how energy efficient they are couldn't be simpler.

Don't listen to unsubstantiated claims about energy performance. The BFRC 'rainbow' label is proof your windows and doors will perform as promised. Accept nothing less.

BFRC rated windows and doors are independently verified by experts for their ability to:

- Reduce your energy bills
- Cut your carbon emissions
- Improve comfort in your home

Homeowners: Visible proof of invisible performance

Why use a BFRC Approved Installer

- They are audited by BFRC
- They can fit genuine BFRC rated windows and doors
- They use the correct glass and spacer bars as tested

Ways to check an installer is BFRC Approved:

- Their company name is on the BFRC label
- They are on the BFRC Register – Visit www.bfrc.org/consumer-search

Why choose only BFRC rated windows and doors

- Feel the difference in your home
- See the difference with your energy bills
- Know you've got value for money
